

# Dependent Care Flexible Spending Accounts

## Save on care for the ones you care about most

Your dependents—your children, aging parents, or family members with special needs—rely on you for care, even when you're not around. Save money on those services with a dependent care flexible spending account.

### What is a Dependent Care FSA?

A Dependent Care Flexible Spending Account (FSA) is an employer-sponsored plan that allows you to use tax-free dollars to pay for eligible dependent care expenses<sup>2</sup> incurred while you're participating in the plan.<sup>1</sup>

**CONTRIBUTE  
PRE-TAX FUNDS**

**SPEND FUNDS  
TAX-FREE<sup>1</sup>**

<sup>1</sup>The amount saved in taxes will vary depending on the amount set aside in the account, annual earnings, whether or not Social Security taxes are paid, the number of exemptions and deductions claimed, tax bracket and state and local tax regulations. Check with a tax advisor for information on whether your participation will affect tax savings. None of the information provided should be considered tax or legal advice.

<sup>2</sup>The list of eligible expenses are set by federal regulations and are subject to change. Contact your Plan Administrator for more information or visit [www.irs.gov](http://www.irs.gov) for details.

## Which expenses are eligible?

To qualify, expenses must be related to the care of a dependent child (under age 13, or any age with special needs) or dependent adult, and must enable you to work or attend school full-time. For a complete list of restrictions and qualified expenses, refer to IRS Publication 503: Child and Dependent Care Expenses.

Expenses that may  
qualify include:

**DAYCARE  
AFTER-SCHOOL CARE  
PRESCHOOL**

**ADULT DAY PROGRAMS  
IN-HOME CARE  
SUMMER DAY CAMP**

### 2025 Contribution Limits

(MARRIED EMPLOYEE  
FILING SEPARATELY)

**\$2,500**

(MARRIED OR  
SINGLE PARENT)

**\$5,000**

The funds in your Dependent Care FSA are use-it-or-lose-it, so it's important to accurately estimate your upcoming expenses.

Remember, you must spend the entire balance for the plan year or forfeit any remaining funds. You'll choose your contribution amount when you enroll during your employer's open enrollment period.

Keep in mind that some plans offer a Grace Period, which allows for extra time to incur new claims against your remaining balance.

## How to use a Dependent Care FSA

### Before Open Enrollment

Before your employer's open enrollment period, take time to accurately estimate your upcoming expenses. Use that estimate to identify a contribution amount.

### During the plan year

During the plan year, you will be able to quickly and easily make payments for eligible expenses using pre-tax dollars.

Unlike Health FSAs, the funds are available as they are contributed and the annual election amount will not be available for you to spend right away. You will fund the account with equal, tax-free deductions throughout the year—one in each paycheck.

You'll use just one debit card to pay, whether you have one Voya Financial flexible spending account or multiple accounts. **Receipts are required**, and you'll be able to submit them using the online portal or mobile app.

If you forget or are unable to use the card, don't worry; you can still get reimbursed. Simply add a bank account to your account profile and **use the app or online portal** to request a direct deposit.

### At the end of the plan year

At the end of the plan year, you'll review your actual expenses and re-enroll.

Use the mobile app or online portal to monitor your account and ensure you're on track to **spend all of your funds**.

Then, consider whether you spent more or less than your total contribution amount. Was your contribution too small? Or too much?

Use that information to **update your annual contribution** as you re-enroll, during your employer's next open enrollment period.
