The MBTA, City of Lynn, and DCR are working to make the Lynnway corridor safer, more accessible, and more connected.

For those who missed previous events, join us at one of the following events to learn about the project:

Wednesday, September 10, 2025
from 5:30 PM to 7:30 PM
North Shore Community College
300 Broad St Lynn, MA 01901
(and online - see website for link)

Wednesday, September 17, 2025
from 12 PM to 2 PM
Marblehead Library
235 Pleasant St
Marblehead, MA 01945

We will discuss the vision for the Lynnway to support existing and future travel and development patterns.

This project builds upon several plans from the MBTA, City of Lynn, and Massachusetts Department of Conservation and Recreation (DCR).

Project Benefits

This project will redesign the Lynnway with people in mind and will include:

- **Safety** improvements for people traveling along and across the Lynnway, with a focus on those who walk, bike, and ride transit:
 - Shorter, more accessible, and more frequent pedestrian crossings
 - Traffic calming to reduce speeding, especially during off-peak hours
- Infrastructure to make **bus trips faster and more reliable** to the Blue Line, Ferry Terminal, Commuter Rail Station and downtown Lynn, along with enhanced bus stop amenities
- **Safer access** to Lynn's waterfront, new Harbor Park, and other green spaces
- **Dedicated bicycle infrastructure** that provides safe connectivity to the Nahant Beach and progress towards a Northern Strand connection
- **Upgraded traffic signal infrastructure** for more efficient operations
