CONSTRUCTION UPDATE

Contract 190 2025 Work Complete

Gerry Street

November 3 through November 7, 2025

Update as of November 3, 2025

Contractor: N. Granese & Sons

Work Scope:

Gerry Street: The installation of the new water main on Gerry Street is complete. Trench paving has been completed.

Pleasant Street (Vine Street – Mohawk Road): The cleaning and lining of the water main on Pleasant Street is complete. Final trench paving has been completed.

The completion of the Gerry Street pipe replacement marks the end of water work for 2025 under Contract 190. This was a very productive year for the Commission, as we had the ability to improve the water quality in many areas. Altogether, this contract included the cleaning and lining of Rowland Street, Pleasant Street (Spring Street to Washington Street), Pleasant Street (Vine Street to Mohawk Road), as well as the pipe replacement on Curtis Street, Roosevelt Ave, Bubier Road, and Gerry Street.

Next year, the Commission will be choosing another set of upgrades to complete for the final year of Contract 190. Updates for this will be posted to the website in the coming spring/summer season of 2026.

The Water and Sewer Commission appreciates the accelerated schedule and work accomplished by N. Granese and Sons throughout the course of this project. The Commission commends the Granese crew for their continued excellence in work completed for the Town.

The Water and Sewer Commission also extends their thanks to the residents of Marblehead for their continued support and understanding throughout the course of these necessary infrastructure upgrades.
