ANNUAL TOWN MEETING
MAY 6, 2019
MARBLEHEAD VETERANS MIDDLE SCHOOL
PERFORMING ARTS CENTER
MARBLEHEAD, MASSACHUSETTS

TO THE RESIDENTS OF MARBLEHEAD

The Finance Committee once again respectfully welcomes the opportunity to present this report and to make its recommendations regarding the Town of Marblehead's Fiscal Year 2020 (FY20) budget and other financial matters to be voted on at the 2019 Annual Town Meeting.

The budget cycle commenced on January 23, 2019 when Town Finance Director Alison Nieto delivered the "State of the Town" fiscal analysis. The Town continues to enjoy a AAA bond rating for the tenth consecutive year, which is the result of the Town's long-term consistency regarding budget oversight, strong cooperation from the departments on service levels within level-funding expectations, and proactive management of the largest cost drivers that impact all of the town (energy costs, health care insurance, and collective bargaining). Marblehead remains one of the 61 Massachusetts communities with the S&P's highest credit rating. In past years, the Town has managed to work within the 2½% Property Tax Levy and new growth increases while steadily improving its annual Free Cash position. However, our continued reliance on Free Cash to balance our budget is not sustainable. Adjustments were necessary this year in order to stay in line with prudent cash management levels recommended by the Massachusetts Association of Town Finance Committees.

To develop the FY20 budget, the following conservative revenue assumptions were made:

- The statutory 2½% increase on the town's tax levy and projected new growth combine to generate approximately 3.0% more tax revenues to fund municipal services;
- Net State Aid assumes level-funding from FY19 levels (except charter school reimbursement which is based on a state formula); and
- Local receipts remain at FY19 levels, reflecting the stabilization of receipts in the past eight years especially in automobile excise taxes.

On the expense side, the following assumptions were made based on level-funded expense budgets and multi-year assessments of needs:

- The health insurance budget is projected to increase by 3.0%;
- All existing contractual obligations are funded;
- The energy reserve is level-funded for the tenth year in a row at \$533,544, sufficient to cover potential fluctuations for FY20;
- The utility reserve is level-funded for the fourth year in a row at \$100,000, sufficient to cover potential water and sewer expense fluctuations for FY20; and
- Debt service expenses are based on schedules as of 2018 issuance.

This budget cycle was undertaken in an almost unprecedented financial context. Our Town Administrator ascertained that the Town's reliance on free cash to help balance the budget has become unsustainable. In response he asked for and received considerable support from departments to scrub their budgets for savings. The departments responded extremely

positively finding innovative and creative solutions to generate savings while simultaneously ensuring the same level of services. This town-wide response is gratifying and very much appreciated.

Our School Department has had a challenging budget process this fiscal year, as it responded to the consequences of financial mismanagement, administration leadership changes and continued special education spending increases, particularly for outplacement services. These are difficult questions to address, however, a conversation has started in our community about what education services we want for our town and how we should fund them and we will continue to address these questions throughout the fiscal year.

Once again, during the budget season, the Finance Committee formed smaller liaison groups to work with department heads, managers, administrators, and elected officials to review their respective budgets in a series of posted liaison meetings. The Finance Committee held budget meetings to discuss and vote on recommendations of the individual department budgets. The Finance Committee then held an open public hearing on the town warrant and voted to make the recommendations contained in this book to Town Meeting.

Assuming Finance Committee recommendations on the various money articles are accepted by Town Meeting, the FY20 budget, as presented in Article 25, will be balanced. The Finance Committee would like to thank and commend the Board of Selectmen, all department heads, union representatives, appointed and elected boards, and involved citizens for all their efforts this year.

We specifically wish to express our thanks to Finance Director Alison Nieto and the Town's Finance Department, for the significant time, resources, and guidance that they dedicated to this budget process. We would also like to thank Town Administrator Jason Silva for his counsel, support and encouragement in what was an arduous budget season that required a measured and responsible guiding hand focused on the best interests of the Town long-term while appreciating the priorities of the present fiscal cycle.

Finally, we would like to thank the full Finance Committee team for their time, diligence and rigor throughout this budget process.

Respectfully submitted,

Benjamin S. Berman

Article 35 Amend General Bylaw, Stormwater

To see if the Town will vote to amend the Town of Marblehead General Bylaws section 195, Stormwater Management and Erosion Control, as follows (underline and bold is new language and ~~cross out~~ is removed language)

Item 1

§ 195-1 Purpose, amend as follows:

- A. Increased volumes of stormwater, contaminated stormwater runoff from impervious surfaces, and soil erosion and sedimentation are major causes of: impairment of water quality and flow in lakes, ponds, streams, rivers, wetlands and groundwater; destruction of aquatic and wildlife habitat; flooding; and overloading or clogging of municipal catch basins and storm drainage systems. The United States Environmental Protection Agency has identified sedimentation from land disturbance activities and polluted stormwater runoff from land development and redevelopment, and pollutants from illicit connections and discharges to municipal storm drain systems as major sources of water pollution, impacting drinking water supplies, natural habitats and recreational resources. Regulation of activities that result in the disturbance of land and the creation of stormwater runoff, and regulation of illicit connections and discharges to the municipal storm drain system is necessary for the protection of the water bodies and ground water resources within the Town of Marblehead, to safeguard the health, safety and welfare of the general public and protect the natural resources of the Town.
- B. The objectives of this by-law are to:
- (1) Protect water resources;
 - (2) Require practices that eliminate soil erosion and sedimentation;
 - (3) Control the volume and rate of stormwater runoff resulting from land disturbance activities in order to minimize potential impacts of flooding;
 - (4) Require practices to manage and treat stormwater runoff generated from new development and redevelopment;
 - (5) Protect groundwater and surface water from degradation;
 - (6) Promote infiltration and the recharge of groundwater;
 - (7) Prevent pollutants from entering the municipal storm drain system;
 - (8) Ensure that soil erosion and sedimentation control measures and stormwater runoff management practices are incorporated into the site planning and design process and are implemented and maintained;
 - (9) Ensure adequate long-term operation and maintenance of structural stormwater best management practices;
 - (10) Require practices to control waste such as discarded building materials, concrete truck washout, chemicals, litter and sanitary waste at construction sites that may cause adverse impacts to water quality;
 - (11) ~~Comply with state and federal statutes and regulations relating to stormwater discharges; and~~

- (11) Prohibit illicit connections and unauthorized discharges to the municipal storm drain system;**
- ~~(12) Establish the Town of Marblehead's legal authority to ensure compliance with the provisions of this by-law through inspection, monitoring and enforcement.~~
- (12) Remove all such illicit connections;**
- (13) Comply with state and federal statutes and regulations relating to stormwater discharges; and**
- (14) Establish the Town of Marblehead's legal authority to ensure compliance with the provisions of this by-law through inspection, monitoring and enforcement.**

Item 2

§ 195-2 Definitions, amend as follows:

AUTHORIZED ENFORCEMENT AUTHORITY

The Conservation Commission and its employees or agents designated to enforce this by-law. **For permits pursuant to §195-7, where the Conservation Commission does not have jurisdiction over the land disturbance activity, the Planning Board is designated as the authorized enforcement authority. For illicit connections and discharges, the Board of Water & Sewer Commissioners is designated as the authorized enforcement authority.**

ILLICIT CONNECTION

A surface or subsurface drain or conveyance, which allows an illicit discharge into the storm drain, including without limitation sewage, process wastewater, or wash water and any connections from indoor drains, sinks, or toilets, regardless of whether said connection was previously allowed, permitted, or approved before the effective date of this by-law. Connections to the municipal storm drain system which constitute illicit discharges as defined below which exist at the time of enactment of this regulation are considered illicit connections.

ILLICIT DISCHARGE

Any direct or indirect discharge to the municipal storm drain system that is not composed entirely of stormwater, except as exempted in Section 7. The term does not include a discharge in compliance with an NPDES Storm Water Discharge Permit, or resulting from fire fighting activities exempted pursuant to Section 7 of this regulation.

Item 3

§ 195-4 Applicability, amend as follows:

Insert a new paragraph C

C. Illicit Discharges and Illicit Connections. Illicit discharges and connections shall include, but not be limited to: all flows of non-stormwater into the municipally owned storm drain system, a watercourse, and any waters of the Commonwealth located within the boundaries of the Town of Marblehead.

Re-letter the existing paragraph "C" to "D".

Item 4

§ 195-6 Regulations, amend as follows:

Each of the authorized enforcement authority**ies** may adopt and periodically amend rules and regulations to effectuate the purposes of this by-law **under their respective jurisdiction.** Prior to the adoption and subsequent amendment to the rules and regulations, if any, the authorized enforcement authority shall hold a public hearing. Notice of the time and place of the hearing, and of the subject matter, sufficient for

identification, shall be published in a newspaper of general circulation in the Town once in each of two successive weeks, the first publication to be not less than 14 days before the day of the hearing. A copy of the adopted regulations shall be made available at the Office of the Town Clerk and as otherwise deemed appropriate by the authorized enforcement authority. Failure by the authorized enforcement authority to promulgate such rules and regulations shall not have the effect of suspending or invalidating this by-law.

Item 5

§ 195-7 Permits, **amend** as follows:

Change the title of the section to Permits/**Prohibitions**.

- A. Permit hereunder is required prior to any activity disturbing 40,000 or more square feet of land **or less than 40,000 square feet that is part of a larger common plan of development or sale, that will ultimately alter or disturb any land equal to or greater than 40,000 square feet. Where the Conservation Commission does not have jurisdiction over the land disturbance activity, the Planning Board is the land disturbance permit granting authority.** The site owner or his/her agent shall apply to the authorized enforcement authority for the permit. While application may be made by a representative, the permittee must be the owner of the site.
- B. **Illicit discharges and illicit connections shall be prohibited.**
 - (1) **Illicit Discharges. No person shall dump, discharge, cause or allow to be discharged any pollutant or non-stormwater discharge into any storm drain system, into a watercourse, or into waters of the United States and/or Commonwealth.**
 - (2) **Illicit Connections. No person shall construct, use, allow, maintain or continue any illicit connection to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.**
 - (3) **Obstruction of the Municipal Storm Drain System. No person shall obstruct or interfere with the normal flow of stormwater into or out of the municipal storm drain system without prior approval from the Marblehead Water and Sewer Commission.**
- C. **Exemptions. The enforcement authority shall be permitted to adopt regulations which provide exemptions to § 195-7(B) and which do not render the foregoing prohibitions without meaning.**

Item 6

§ 195-14 Enforcement, amend as follows:

B. Orders, add a new section 4.

(4) Upon discovery of illicit discharges or illicit connections, the authorized enforcement authority may issue a written order to enforce the provisions of this by-law or the regulations promulgated thereunder, which may include:

(a) elimination of illicit connections or discharges to the municipal storm drain system;

(b) performance of monitoring, analyses, and reporting;

(c) that unlawful discharges, practices, or operations shall cease and desist;

and

(d) remediation of contamination in connection;

(e) payment of a fine to cover administrative and remediation costs; and

(f) implementation of source control or treatment BMPs.

If the enforcing person determines that abatement or remediation of contaminations is required and is the responsibility of the property owner, the order shall set forth a deadline by which such abatement or remediation must be completed. Said order shall further advise that, should the violator or property

owner fail to abate or perform remediation within the specified deadline, the Town of Marblehead may at its option, undertake such work, and expenses times three thereof shall be charged to the violator.

Within thirty (30) days after completing all measures necessary to abate the violation or to perform remediation, the violator and the property owner will be notified of the costs incurred by the Town of Marblehead, including administrative costs. The violator or property owner may file a written protest objecting to the amount or basis of costs with the Marblehead Water & Sewer Commission within thirty (30) days of receipt of the notification of the costs incurred. If the amount due is not received by the expiration of the time in which to file a protest or within thirty (30) days following a decision of the Marblehead Water & Sewer Commission affirming or reducing the costs, or from a final decision of a court of competent jurisdiction, the costs shall become a special assessment against the property owner and shall constitute a lien on the owner's property for the amount of said costs. Interest shall begin to accrue on any unpaid costs at the statutory rate provided in G. L. Ch. 59, section 57 after the thirty-first day at which the costs first become due.

Or take any other action relative thereto. Sponsored Water and Sewer Commission
