Curious how municipal wastewater goes from drain to discharge? Join us at Cinema Salem, 1 E India Square Mall, Salem, MA 01970, to learn how the team at the Portland Water District (PWD) overcome challenges to continue to provide a vital public service.

While “[Unless Something Goes Terribly Wrong](#)” is set in Maine, many of the issues portrayed affect our local wastewater treatment facility for Beverly, Danvers, Marblehead, Peabody, and Salem – the South Essex Sewerage District ([SESD](#)). The evening will open with remarks from local officials and co-sponsors of this event, including SESD’s Executive Director, David Michelsen, P.E., and Salem’s Ward 1 City Councillor, Erin Turowski.

This event is free and open to all with registration.

Donations are encouraged for the film crew to support production and distribution expenses – and while not mandatory – are much appreciated.
