

Update on Curbside Collection of Carts:

If you still have not received carts:

We will confirm address and qualifications for carts. If qualified, carts will be delivered.

*4-Family, 4 Units, or smaller are considered for curbside collection. Addresses with 5 or more units are not qualified and should not expect to receive carts.

**Businesses (Select), and Non-qualified residences have the option to apply for trash & recycle collection at \$160.00 /month each unit by filling out an application and returning it to our office. Carts will be delivered upon approval.

If you are requesting Smaller Carts:

We currently do not have smaller units in stock and are expecting them to be delivered in early August. At that time, we will exchange the carts you have for the smaller ones.

Please, use the barrels that best work for you at this time as your trash and recyclable receptacles - until we can bring the newer units to your residence.

If you have received too many carts and are awaiting pick-up:

We are currently working to collect and update listings as they are received. Please, put a small piece of tape keeping the lid shut. They will be collected.

If you have Opted-Out and are awaiting pick-up:

We will begin working to collect and update listings as they are received after completion of extras. Please, put a small piece of tape keeping the lid shut. They will be collected.

If you are unable to wait for us to collect carts:

You may bring it to the Transfer Station & check-in with our transfer station worker and leave name, address, and number/type of carts delivered. Town carts should be dropped in the Yard-Waste area. Please, be patient and courteous to the staff as they try and assist.
